BUILT IN PUNE, FOR BUSINESSES ACROSS INDIA

Practical AI for Indian small businesses.

Private tools you can use today — no sign-up, and your data is never sent to us.
And verified automation partners when you need something bigger.

Try a free tool → | Find a partner

6 | 0 | 36

THE PROBLEM

Small businesses run on memory, paper and WhatsApp.

The owner is also the accountant, the sales team and the site inspector. Big software is built for big companies.

◉

Meetings vanish

Decisions and “I’ll do it by Friday” promises are forgotten by Monday.

₹

Receipts pile up

Month-end means a shoebox of bills and a frustrated CA.

▤

Contracts go unread

Auto-renewals, lock-ins and penalties are signed without a second look.

🔒

Privacy is a worry

Customer details, prices and notes shouldn’t have to go to someone else’s cloud.

> **PuneStack builds small, focused tools that fix one job each, keep your data on your device, and need no account.**

ONE BRAND, TWO LAYERS

Start with a free tool. Grow with a partner.

LAYER 1 · FREE TOOLS

Use it today

Six small tools that each do one job. Open in a browser or on your phone. No account.

- MinuteBox — meeting minutes
- VoiceTask — to-dos
- ExpenseLens — expenses
- CallRecap — sales calls
- FieldAudit — checklists
- PaperBrief — contracts

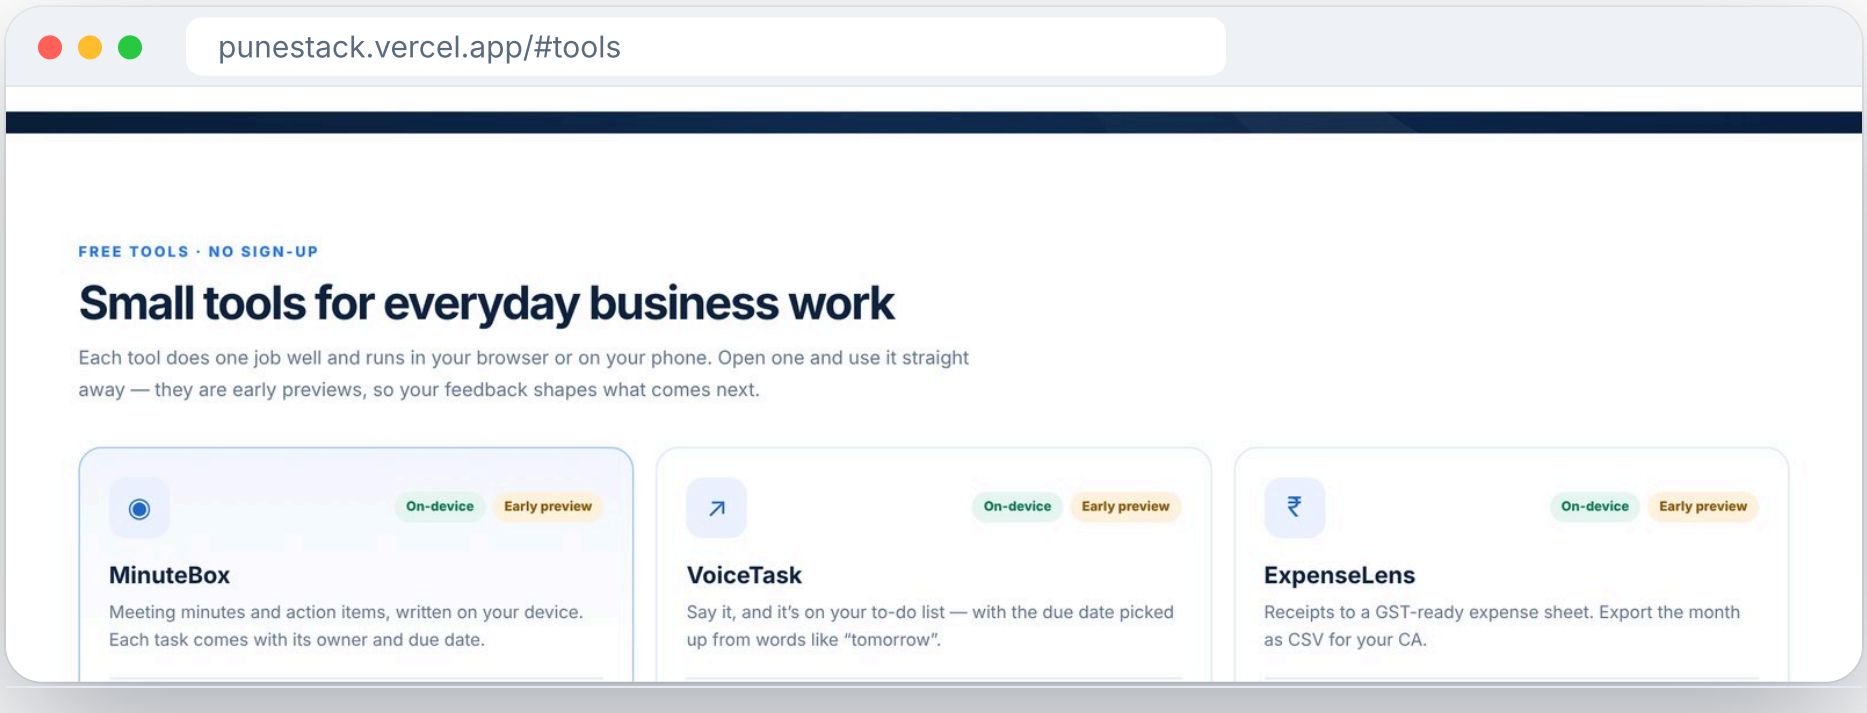
LAYER 2 · PARTNERS

When you need more

A marketplace of verified AI and automation agencies across India — for custom work the tools don’t cover.

- Search by capability, state or PIN code
- Compare up to three side by side
- Post one brief with budget and timeline
- Only verified, consenting partners listed

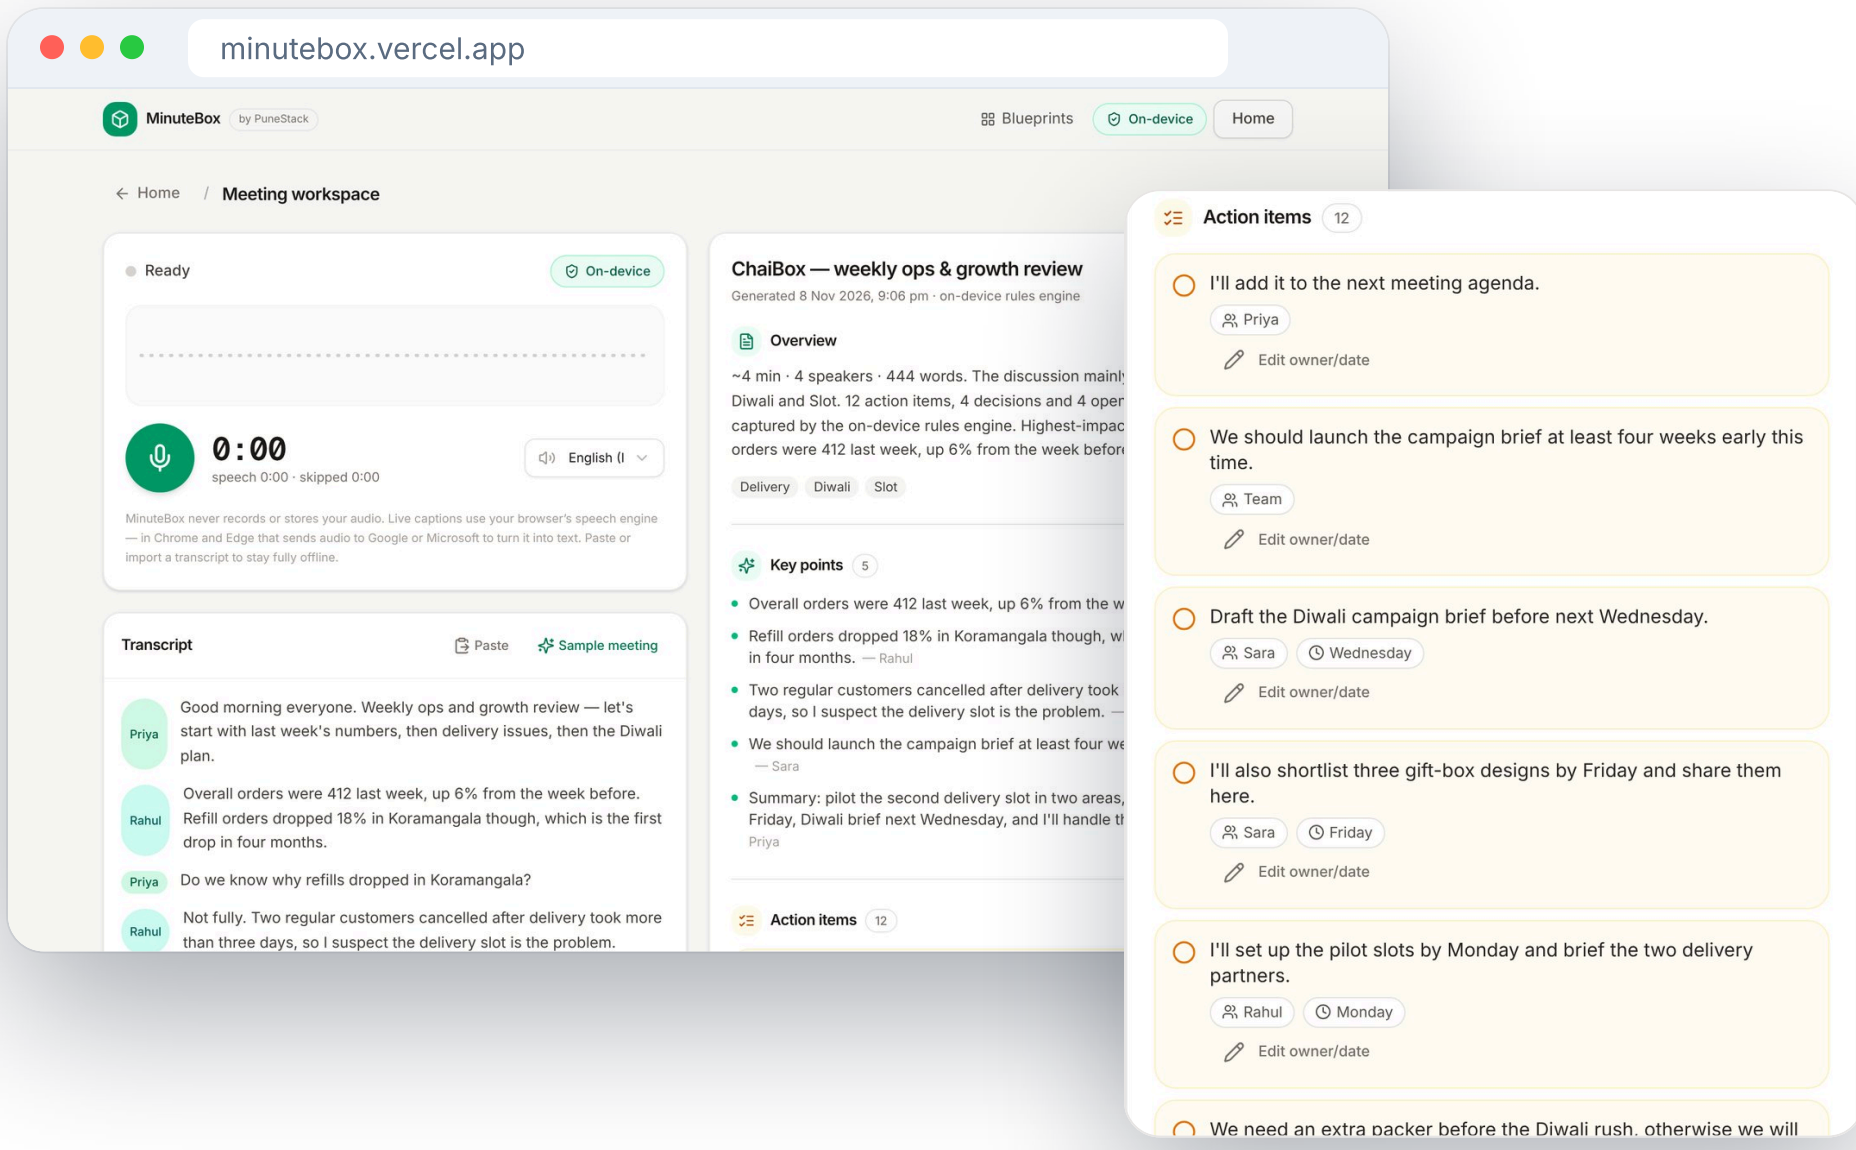
Free tool solves today’s job → **Trust grows** → **Partner builds what’s next**



FLAGSHIP · MINUTEBOX

Meeting notes that never leave your device.

Record or paste a meeting. Get minutes, decisions, open questions — and every action item with its owner and due date.



- Live captions, silence skipped
- Decisions and open questions
- Import .txt, .md or .srt transcripts
- Action items with owner + due date
- Meeting stats and topics
- Export Markdown, text or JSON

TRY THE SAMPLE MEETING
minutebox.vercel.app

PUNESTACK TOOLS

VoiceTask

Say it, and it’s on your to-do list — with the due date picked up for you.

For shop owners and freelancers who remember jobs while on the move.

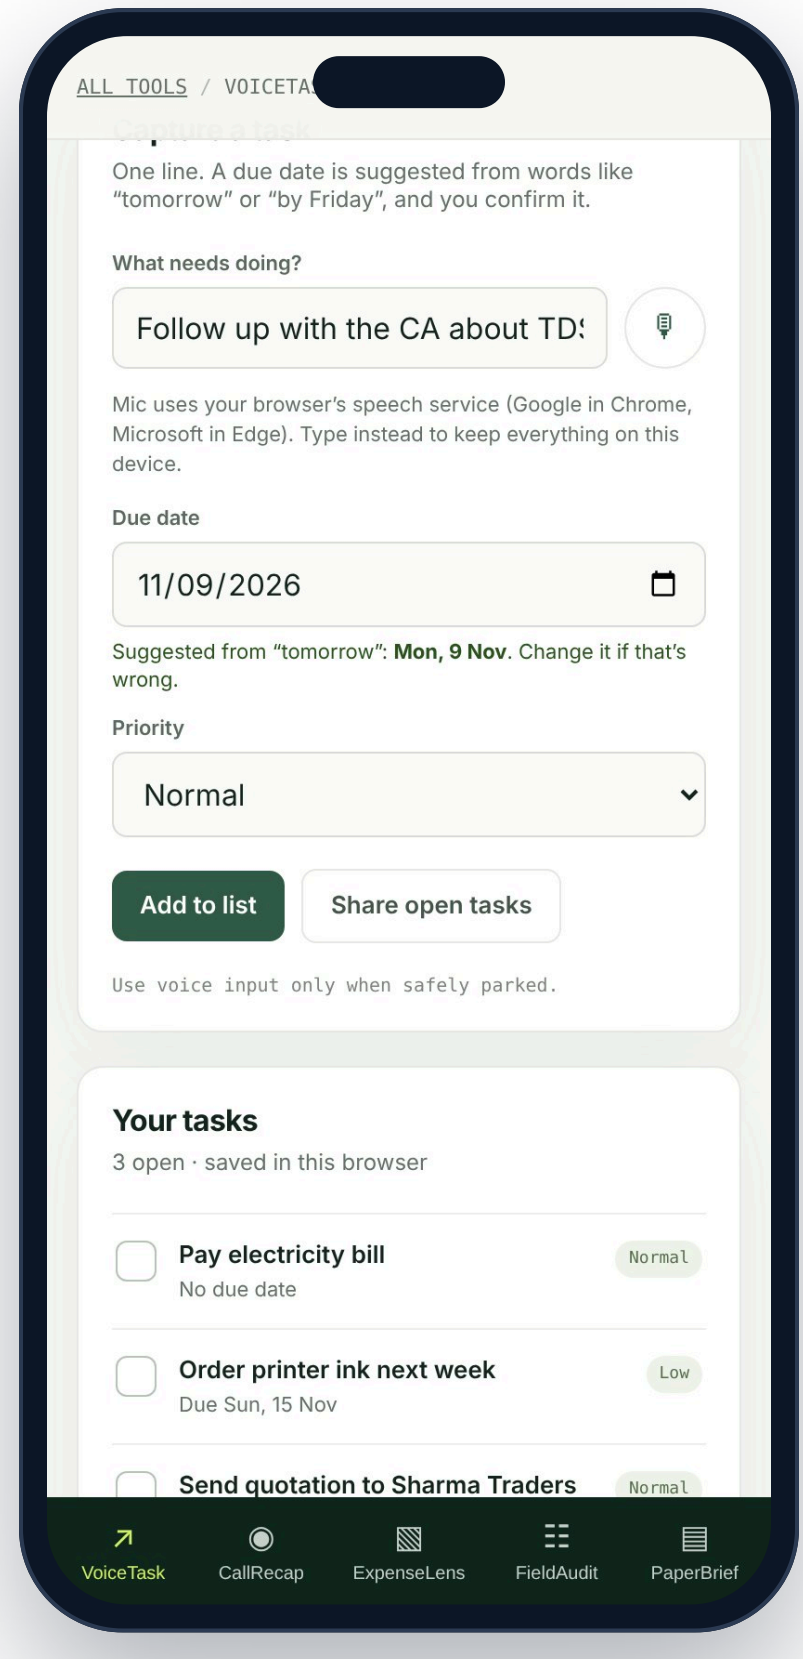
What it does today

- Type or dictate a task in one line
- Due date suggested from “tomorrow”, “next week”, “by Friday”
- Priorities, tick-off and undo
- Share open tasks to WhatsApp
- Works offline after the first visit

Coming next

- Hindi and Marathi date phrases
- Reminders and notifications

TRY IT FREE
punestack.vercel.app → VoiceTask



PUNESTACK TOOLS

ExpenseLens

Receipts to a GST-ready expense sheet your CA can use.

For small businesses and freelancers who file GST.

What it does today

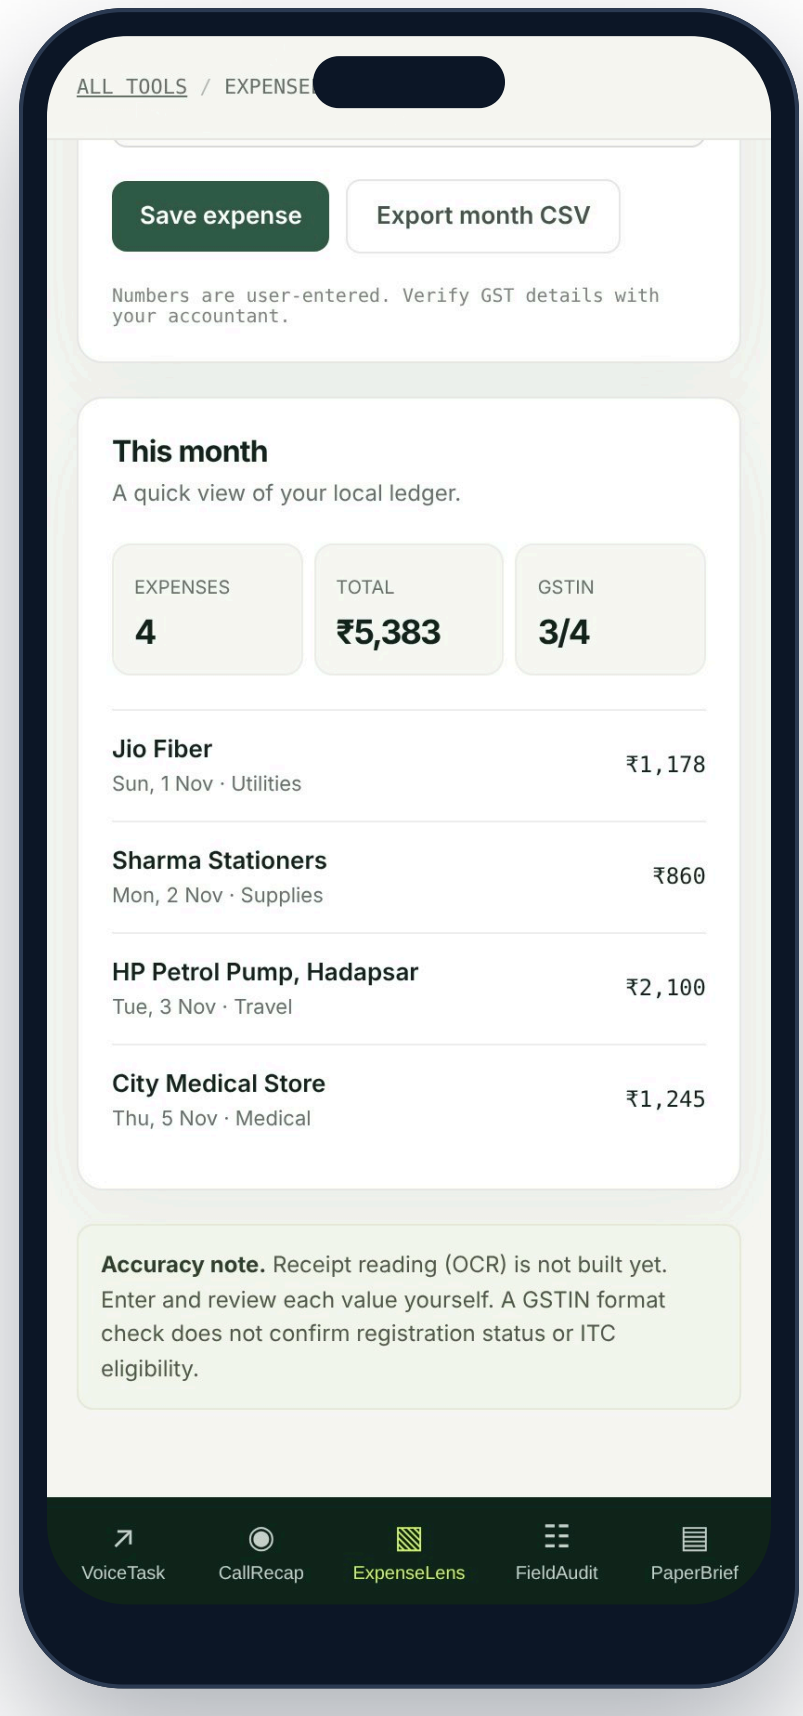
- [x] Vendor, amount, date, category and GSTIN
- [x] GSTIN format check
- [x] Monthly totals at a glance
- [x] Export the month as CSV for your CA

Coming next

- Receipt reading in the browser version
- Multi-month reports

Android app (in testing): reads receipts with on-device OCR — vendor, total, date and GSTIN filled in for you to check.

TRY IT FREE
punestack.vercel.app → ExpenseLens



PUNESTACK TOOLS

CallRecap

Sales call notes to a ready-to-paste recap in one tap.

For sales people and owners who sell on the phone.

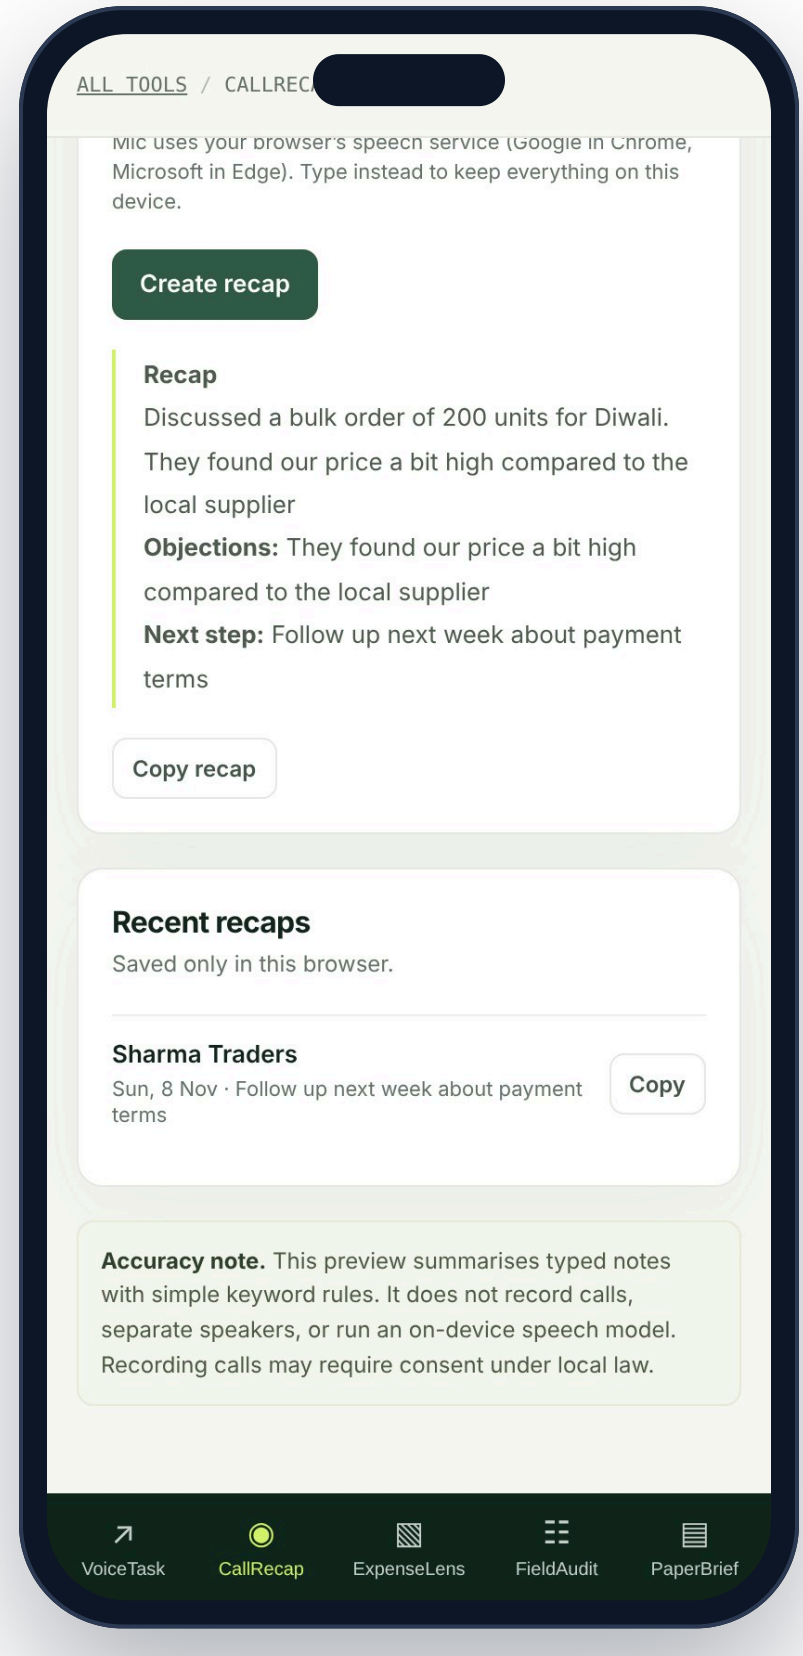
What it does today

- Summary, objections and next step
- Type or dictate notes
- Recent recaps saved on your device
- Paste into WhatsApp, email or your CRM

Coming next

- On-device transcription (planned)
- Call recording — with consent, where legal

TRY IT FREE
punestack.vercel.app → CallRecap



PUNESTACK TOOLS

FieldAudit

Site and store checklists that work without a network.

For site supervisors, store managers and food-safety checks.

What it does today

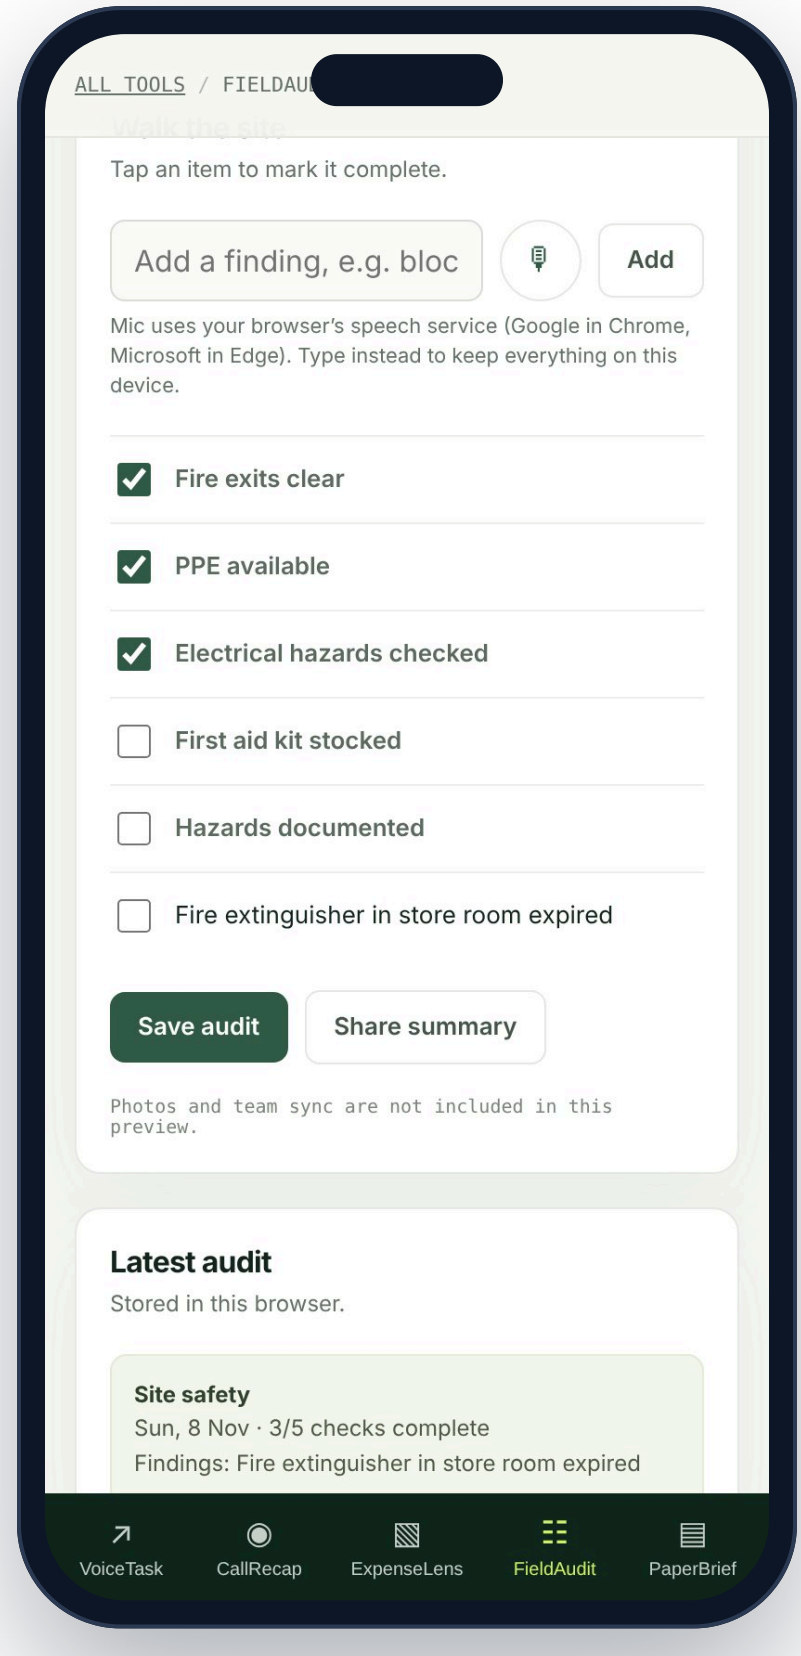
- [x] Site safety, retail opening, food safety templates
- [x] Tap to tick, add your own findings
- [x] Latest audit saved with date and score
- [x] Share a text summary

Coming next

- Team sync
- Custom templates

Android app (in testing): attach photo evidence to each checklist.

TRY IT FREE
punestack.vercel.app → FieldAudit



PUNESTACK TOOLS

PaperBrief

Spot risky clauses before you sign.

For anyone signing vendor, rental or service agreements.

What it does today

- [x] Short opening extract of the document
- [x] Flags auto-renewal, termination, penalty
- [x] Flags lock-in, late fees, non-refundable terms
- [x] Each flag tells you what to re-read

Coming next

- AI summary with a local model (planned)
- Photograph pages in the Android app

Not legal advice. It points you to clauses worth a closer look.

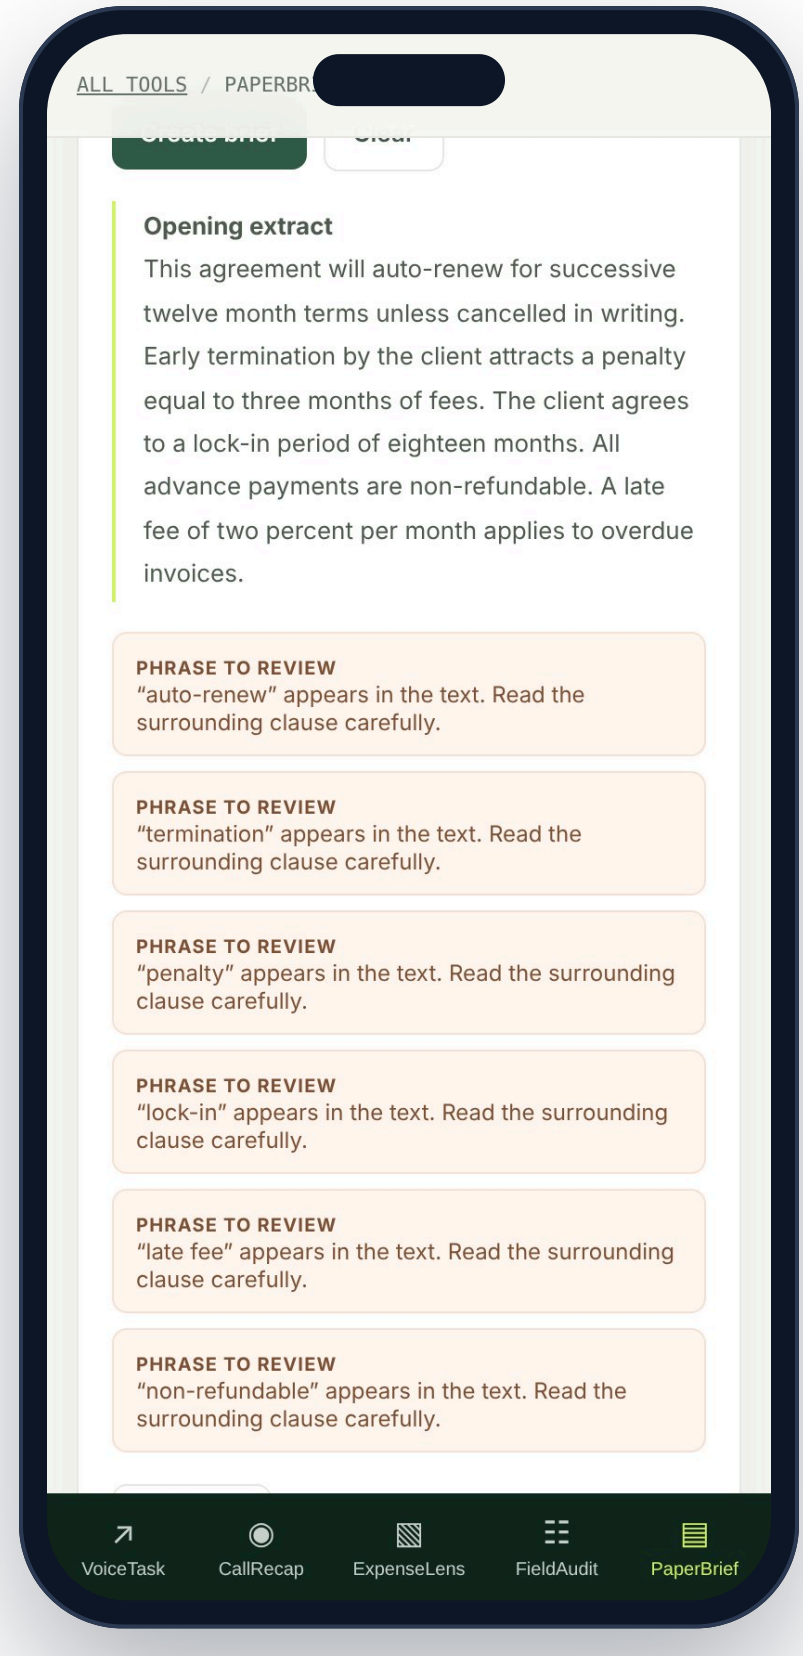
punestack.vercel.app → PaperBrief



PARTNER MARKETPLACE

Need something bigger? Find a verified partner.

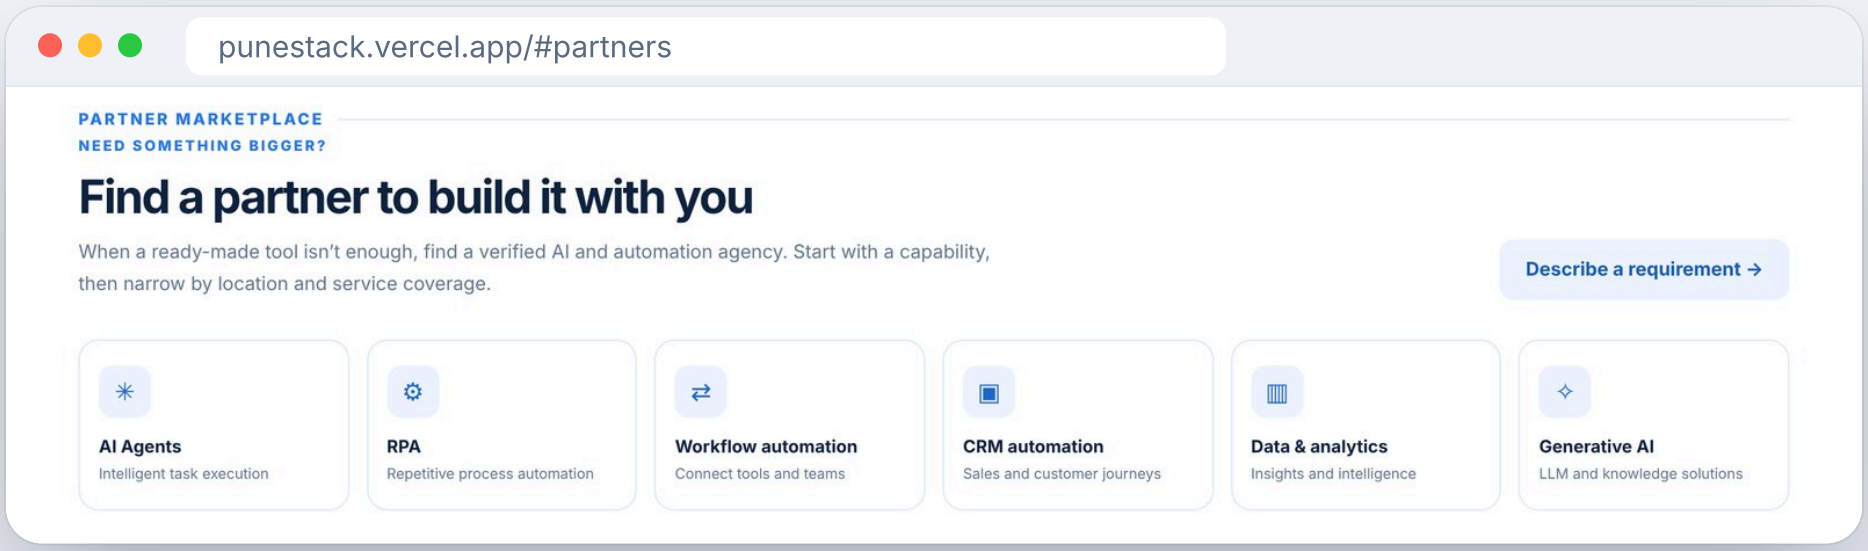
When a ready-made tool isn't enough, PuneStack connects you with AI and automation agencies across all 36 states and UTs.

01
Discover
By capability, state and PIN code.

02
Compare
Up to three side by side. Missing data stays visible.

03
Brief
Budget, timeline and needs — shared only with consent.

04
Choose
You decide who to engage. No paid rankings.



Agencies: become a founding partner

Free listing during the preview, no commission. Every profile is reviewed before it goes live.

Join as provider →

PRIVACY BY DESIGN

We tell you exactly where your data goes.

No account, no tracking, nothing sent to PuneStack. And where there’s an exception, we say so plainly.

WHAT YOU DO	WHERE IT GOES
Type a task, expense, note or contract	**Stays on your device.** PuneStack never receives it.
Meeting minutes & action items	**Generated on your device** by a rules engine. No AI server, no API calls.
Use the mic in a web browser	**Your browser’s speech service** turns audio into text (Google in Chrome, Microsoft in Edge). Type or paste to stay fully offline.
Use the mic in the Android app	**Android’s on-device speech service** where the phone supports it.
Receipt photo in the Android app	**Read on the phone** by a bundled OCR model. The photo never leaves it.
Partner marketplace	The only part with accounts. Buyer details are shared with providers **only with consent**.

HONEST STATUS · NOVEMBER 2026

What works today, and what's next.

Works today

Early preview

- ✔ All six tools live in the browser, free
- ✔ MinuteBox minutes, decisions and action items
- ✔ Android app in testing: on-device receipt OCR, contract-page OCR, photo evidence
- ✔ Offline use after the first visit
- ✔ Partner directory with verification and consent

Coming next

Planned

- → Hindi and Marathi phrases
- → On-device transcription for calls and meetings
- → Local AI summaries for contracts
- → Reminders, templates and team sync
- → Signed Android release for testers

Our rule: we only claim what ships. Where a tool uses simple rules instead of AI, it says so — and nothing is charged during the preview.

WHO'S BUILDING IT

Sangram Ghatge

Founder, PuneStack · Pune. Building one platform for practical AI in Indian small businesses: private tools that solve everyday jobs today, and a trusted network of partners for everything bigger.

What the platform gives businesses

- Six free tools, no sign-up
- Data kept on your own device
- Verified, consenting partners only
- One brief instead of ten sales calls

Work with PuneStack

- Pilot a tool with your team
- Get a tool built for your workflow
- List your agency as a founding partner
- Share feedback that shapes the roadmap
